

IMPORTANT NOTICE FOR FEMALE STUDENTS

All female patients registered with the practice aged 20-60 will be sent a letter on behalf of the practice from Practitioner Services, inviting them to attend the surgery to have a cervical smear performed.

The Practice would encourage you to have this screening carried out but you do have the right to opt out. Should you decide not to have a smear performed the practice requires written notification that you do not wish to participate in this screening.

IT IS EXTREMELY IMPORTANT THAT YOU RESPOND TO THIS LETTER (EITHER TO MAKE AN APPOINTMENT OR TO OPT OUT) AS FAILURE TO DO SO MAY RESULT IN PRACTITIONER SERVICES REMOVING YOUR NAME FROM THE PRACTICE LIST.
